Comfort & Joy

Comfort & Joy 2026 Contest Rules

1. All nominees must own his/her home, the home must be within PHA's service area, and the nominee/homeowner must live in the residence full-time. Mobile homes must be titled to the nominee.
2. The homes must have an existing "ducted" heating/cooling system, in reasonably good repair.
3. Only one (1) system will be installed in each winner's home.
4. Nominees who become finalists agree that a member of PHA's staff will be allowed to perform a site visit to the home to deem the 'feasibility' of the installation project. PHA has sole discretion if it wishes to turn down a project it deems unreasonable for its contest for any reason.
5. New construction projects, room additions, alterations, and remodels are not eligible to participate.
6. Whenever possible, PHA will install a "like-kind" system, including heat pumps, air conditioners & gas fired furnaces. The equipment "style" may be either a package unit or a split system.
7. If a gas system is installed by PHA, the contest winners agree to provide all required fuel.
8. Sorry, PHA *will not* install gas or oil-fired boilers or oil-fired furnaces.
9. PHA will make a good faith effort to complete the installation by Spring 2027. The winner agrees to this time frame as well.
10. The winner and nominees agree to allow WXGM (Xtra 99.1) and PHA, Inc. to use contest winner and nominees' names, cities, images, voices, and story provided on application in any advertising media of its choosing. The winner also agrees to allow PHA, Inc. to take photographs of their home and/or the completed projects for use in any multi-media advertising, also of its choosing.
11. Prizes have no cash value, nor can they be given as a gift to another individual, nor can they be substituted in any way.
12. The winner of Comfort & Joy will be issued a 1099 Miscellaneous Income Tax Forms. The forms will reflect the fair market value of the prizes (including all equipment, materials and labor donated). Upon acceptance of the prizes, the winners also accept responsibility for payment of any potential tax liability therein. Estimated prize value is estimated between $13,117 - $14,146.
13. PHA reserves the right to accept or decline the installation of the free systems for any reason at any time.

Important Dates:

Begin Accepting Applications: Sunday, November 1, 2026

Last Day to Submit an Application: Thursday, December 3, 2026

Live Drawing for Winners on WXGM 99.1 FM: Friday, December 11, 2026
